

# Jamestown Caboose Golden!

The Jamestown Caboose Winter Guard is happy to share their 2026 production, "Golden!" The crowd is cheering for a performance from the world's top girl group, but who knows what can happen when they are pulled onstage for the show?! We promise it will be a concert you never forget!

The guard is under the direction of Emily Whitney. Show design and choreography are by Kendra Nickerson and Emily Whitney. Guard staff includes Marissa Kasper and Claudia Neu.

The guard would like to thank their school district, boosters, community, and families for their support to this team. We wish all performing groups luck and hope you enjoy our program!
